WHO IS SHE?

Meet The Designer

Hi I'm Jovana

I'm an aspiring media designer, completing my three-year vocational training at Schreiner Group near Munich, Germany, in July 2026.

My training focused heavily on typography and layout, with concept development for print media. Along the way, I've also worked on digital projects, including coding websites from scratch and creating personal video work, which expanded my skills and experience in digital design.

My interests are versatile, and I'm always eager to learn, explore new ideas, and bring creative concepts to life.

SKILLS

and expertise

Hard skills

- Adobe Illustrator
- Adobe Indesign
